49	Montrose v Annan	

HOW TO PLAY

Classic Pools is based on the results of 49 football matches as listed. The aim is to predict draws. Predicting High Score draws could net you £3 Million!

Choose how many draws you want to predict, either 10, 11, 12 or 13.

- 10 Selections = 45 winning chances**
- 11 Selections = 165 winning chances**
- 12 Selections = 495 winning chances**
- 13 Selections = 1287 winning chances**

Then simply mark your selections with a 'X'. Remember, you're TEN times more likely to win a massive prize with 12 selections... and for just £7.50 it's the smarter way to play!

Hand over your completed entry form together with your total stake to the counter staff.

You will be given a receipt which you must retain to claim your winnings.

HOW TO WIN

We take every combination of 8 selections in your entry to determine if you are a winner based on the points system below:

- Score Draw - 3 points
- No Score Draw/Void Match - 2 points
- Home or Away Win - 1 point

You'll win our Full Time Jackpot if your best 8 selections add up to 24 points! We usually pay dividends for 23 and 22 points as well. If you win with 8 high score draws (2-2 or higher), plus there are 40 goals or more in the 8 games, you'll receive at least a share of our £3 Million Top Prize*.

This is a pool game. If there is more than one winner at any prize level, the prize is divided between winners.

HOW TO GET YOUR WINNINGS

Check the results on television, through your betting shop or at www.footballpools.com. If you are a winner, please present your receipt at your betting shop. The receipt issued at the terminal is the only valid proof of the selections you have made. Please check the details carefully. Only entries held on The Football Pools central computer system are valid. The Promoter accepts no responsibility for forms cancelled in error.

Bet Selection

10 X's for £1.00

12 X's for £7.50

11 X's for £2.75

13 X's for £17.56
