Total Stake = £

Minimum Stake £1

HOW TO PLAY

- Simply select Home Win, Draw or Away Win for each match.
- Mark your selection with a 'X'.
- Choose your unit stake.
- Hand over your completed entry form together with your total stake to the counter staff.

An entry with one selection per fixture will cost £1 if you tick the '£1' unit stake box.

If you do not wish to choose £1 as your unit stake, select another unit stake. Winnings will be paid proportionately based on your unit stake as a percentage of £1. The minimum total stake per entry is £1.

If you are not sure about the outcome of any of the matches you can choose multiple selections to increase your chances to win.

For permutation entries the 'No. of selections' column will assist you in calculating your total stake. See example below.

Hand over your completed entry form together with your total stake to the counter staff.

You will be given a receipt which you must retain for proof of entry and to get any winnings.

*Premier 10 is a pool game where the estimated pool size is an estimate of the total stakes for the game. The available prize funds are divided in proportion to the winning unit stakes at that level. Single winners at double stake win the available prize fund at that level.

HOW TO GET YOUR WINNINGS

Check the results on television, through your betting shop or at www.footballpools.com. You need only 9 correct forecasts to win a prize!

If you are a winner please present your receipt at your betting shop. This entry form is not a valid receipt. The receipt issued at the terminal is the only valid proof of the selections you have made, please check the details carefully. Only entries held on The Football Pools central computer system are valid. The Promoter accepts no responsibility for forms cancelled in error.
