HOW TO GET YOUR WINNINGS

Simply get all your predictions correct to win the prize pool. If there are multiple winners, the prize pool will be shared. If there are no players with 6 correct the prize fund will be rolled over. Please note that the players of other pools companies also participate in Super 6 and therefore the same prize pool is available to be won (or shared) by such players.

For results and dividend information call 0800 500 000 or go to www.footballpools.com

If you are a winner please present your receipt at your betting shop. This entry form is not a valid receipt. The receipt issued at the terminal is the only valid proof of the choices you have made, please check the details carefully.

HOW TO PLAY

- Simply select Home Win, Draw or Away Win for each match.
- Mark your selection with a 'X'.
- Choose your unit stake.
- Hand over your completed entry form together with your total stake to the counter staff.

UNIT STAKES

An entry with one selection per fixture will cost £2 if you tick the '£2' unit stake box.

If you do not wish to choose £2 as your unit stake, select £1 or 50p. Winnings will be paid out in proportion to the full stake. The minimum total stake per entry is £2.

If you are not sure about the outcome of any of the matches you can choose multiple selections to increase your chances to win.

For permutation entries the 'No. of selections' column will assist you in calculating your total stake.

See example below.
